

Family Newsletter: **December**

Prayer Focus

'When they saw the star,
they were overjoyed.'
- **Matthew 2:19**

We praise God that Christmas is a special time for our family members as they rejoice in the truth about Jesus they have known for many years.

Thank the Lord...

- That our homes and schemes are joyful communities where the Christmas story can be retold and celebrated openly
- For opportunities our family members have to share the joy of Christmas with others, including via local TV
- For all the wonderful staff who will be working so tirelessly across the Christmas period

Ask the Lord...

- That older people facing loneliness this Christmas would know Jesus as their closest friend and find companionship through the local church
- That those who come to work in the social care sector from overseas would be welcomed warmly and find jobs with reputable employers and not be exploited
- To protect the work of Pilgrims' Friend Society as we head into and make plans for a new calendar year
