

Family Newsletter: February

Prayer Focus

'...by His knowledge the watery depths
were divided,
and the clouds let drop the dew.'
- **Proverbs 3:20**

The majesty of Creation reminds us of God's infinite power and wisdom, and so we boldly approach Him as the one who can do all things.

Thank the Lord...

- For the invaluable work of our The Way We Care Leads like Kriszti whose dedication to detail enriches life in our homes
- That we have been able to welcome Homesdale into our family
- That Easter preparations are underway across our homes & schemes as those living with us think of Jesus' path to the Cross

Ask the Lord...

- That He would continue to bring wonderful staff to work for our organisation so that the older people who live with us receive all that they need
- That our reputation for providing care homes and housing schemes that are distinctively Christian would grow
- That those campaigning for a better solution to social care challenges in this election year would persevere
