

## **Family Newsletter: February**

### **Prayer Focus**

"Blessed are those you choose  
and bring near to live in your courts!"  
- **Psalm 65: 4a**

We praise the Lord for the blessing it is to be chosen by Him and brought near to live with Him. We are so grateful for the many older people living with us who are walking closely with the Lord.

#### **Thank the Lord...**

- For the new visiting guidance that will enable one named visitor to have closer contact with their loved one
- That the vaccination programme has gone well, and for the hope this brings for a return to a more normal way of living
- For the way He has continued to sustain our staff teams over the course of an incredibly challenging year

#### **Ask the Lord...**

- To guide our Managers as they respond to the changing guidance around visiting
- For patience and endurance for any older Christians who are continuing to find the lockdown restrictions difficult, especially those who are missing going to church
- For His blessing upon our plans to build a new care home on the South Coast. That planning permission for the prospective site we have found would be approved
