

Admissions

to our Care Homes

Staying safe

We're fully equipped with PPE and have excellent infection control measures in place.

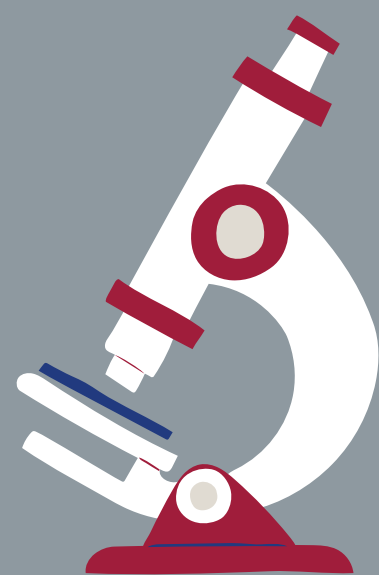

Staying connected

We're welcoming visitors and using technology to keep residents connected to family and friends.

Testing

We're regularly testing residents and staff to ensure the home is virus-free.

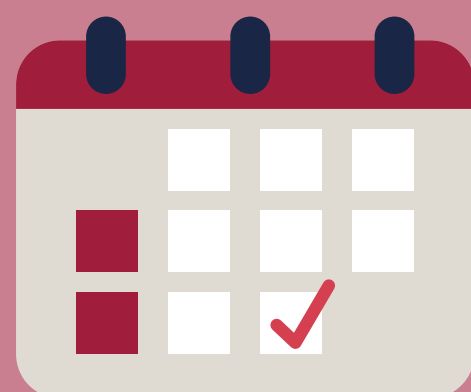

Care assessments

We're conducting assessments to understand needs in a safe environment.

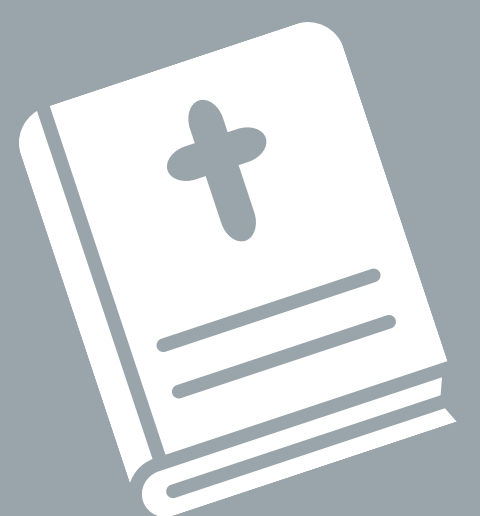

Viewing the home

Arrange a visit to look around the home either virtually or in person.

Life together

We're running our usual daily activities as part of community life.

Protective bubbles

We're providing excellent care and support while we keep new residents arriving from hospital safe in isolation.
